EVENT POSITIONING

Why Vibe Code 101

Vibe Code 101 is a focused 3-day immersion built around modern software creation, agentic workflows, and practical AI tooling. It is designed for live learning, deep product exposure, and high-signal interaction with builders, founders, and technical decision-makers.

AUDIENCE

500+ Attendees

Developers, founders, engineers, and high-intent builders engaging directly with the next generation of tools and workflows.

FORMAT

3 Full Days

Masterclasses, product moments, live sessions, and hands-on builder energy across a full event experience.

FIT

Built for Relevance

Designed around real-world tooling, practical adoption, and the culture of people who want to ship, not just watch.

STRATEGIC VISIBILITY

- **Physical Presence:** Branded lounges, networking zones, co-working areas, and selective on-site placement throughout the event.
- **Digital Reach:** Visibility across website placement, email distributions, social media advertisements, AI concierge mentions, and community surfaces.
- **Direct Marketing:** Sponsor inclusion in attendee-facing communications before, during, and after the event.
- **On-Stage Impact:** Presentation opportunities, branded segments, and association with high-attention event moments.

POSITIONING NOTE

This sponsorship architecture is designed to feel commercial without feeling cheap. The structure gives smaller partners a believable entry point, highlights Gold as a strong mid-tier decision, and protects the prestige of the Headliner slot.
